What you can do in 3rd grade

By: Alana and Aaliah

There is a lot of 3rd graders in Hoover Elementary. There are three 3rd grade classes at Hoover Elementary Mrs. Walton, Mrs. Guevara, and Mrs. Whitmire. Mrs. Guevara has been working at Hoover for 4 years. Mrs. Whitmire has been working for 4 years also. Mrs. Walton has been working at Hoover for 26 years. In 3rd grade you can meet your 4th grade teacher. All the 3rd graders learn the same thing but at a different time. The students use adjectives and they listen so they can repeat it to their teacher which means they are good listeners.

In third grade you learn about multiplication and division, you get to read chapter books, and you take your state test for the first time. Some things you can do in third grade are Girls on the Run, go on field trips and also you can sign up for beginning soccer. You can check out 2 books instead of one. You can make many friends. You get to come to the fourth grade class to see their science projects.

Third grade is an important year because it is the first year as being one of the “Big Kids” at school.

Halloween at Hoover

By: David

At Hoover the principal doesn't allow costumes because some students don't celebrate Halloween. Also, teachers don't want their students to get distracted by their costumes. Finally, scary costumes can make the kinders cry. Save your costumes for trick-or-treating on Halloween night, which is Thursday, October 31.

I Hate School Toilet Paper

By: Abel

This opinion is about the school toilet paper. I do not like the toilet paper. It is very bad and also this is very cheap toilet paper. At least get napkins or if you pay attention you will actually get toilet paper that is soft and comfy like this toilet paper. It is amazing. You should get it because it is comfy and you should contact the school board about this because it is urgent. I wish you guys would do that. So do you agree or just decline? And students do you think I am right? What about you, teachers?

This is charmin ultra soft being better than that toilet paper you don't see because charmin is better.
