

<p>

Whats up Devil. I got my UH Contract so now I have that guaranteed 0300 slot. Hopefully I'll be in Lejeune by next year after ITB. Stick around so I can have some Fascist friends on base haha.

</p>

<p>

Any words of advice? I heard ITB is a lot of ruck marches and shit.

</p>

<p>

Also as a general question for ideologies among most Marines, how many of your compatriots would you consider to be Right-Wing or Fascist? I know there are a lot of spics in the Corps now, but have you managed to find anybody else with our views?

</p>

<p>

I have a lot of Fascist friends in the Army. They say there are a lot of "Red-pilled" Soldiers due to the fact that major bases like Fort Bragg are infested with Niggers. Also what unit are you attached to? I know [REDACTED] in [REDACTED] based in Lejeune. That guy gave me a lot of advice before I joined.

</p>

<p>

Have you been keeping up with Trump? Him and Maddog are lashing out at Iran. Hopefully one day we get to march through Tehran. Only reason I joined was for training and Combat experience.

</p>

<p>

3/23? Wait are you a reservist?

</p>

<p>

That's actually really interesting. After my active duty I plan on either creating a Paramilitary or doing PMC work as well. I've considered the French Foreign Legion if I'm still up for it in the end. Why did you pick Reserves? Have you picked up rank quickly? I hear Reservists get promoted fast. Whats your current rank?

</p>

<p>

Haha congrats Lance Coolie. Have you considered Academi (Blackwater)? I'm not too sure what they're up to these days but that's typically what most guys go for. Honestly the volatile conflicts these days seem too boring for me. I was considering Ukraine or Syria but both wars are bullshit. Nothing really worth backing over there.

</p>

<p>

What branch were you in?

</p>

<p>

I'm a Poolee for the Marine Corps. I ship soon. Good to have more ex-Mil on here. Military experience is a necessity in my opinion.

</p>

<p>

How many years did you do? MOS?

</p>

<p>

Hell yeah. A Poolee is somebody in the DEP who is officially enlisted. We run PT and Drills and shit while we wait to get shipped out. Definitely something I'm looking forward too.

</p>

<p>

Sucks that you're down South a bit. I'm in the Northeast. IronMarch is good to network with people in your area. I've met up with a lot of good dudes. Just be careful - Try to get a good idea of what people are like before you actually meet them. It could be a total letdown sometimes.

</p>

<p>

There are a few Vets on IronMarch as well so if you lurk around you might find them. Make sure to start reading more of the content and guidelines and you'll fit right in. Don't ever compromise. Hooyah my friend.

</p>

<p>

I'm actually enlisted in the Marine Corps myself. I ship out in the summer. I honestly think now is the best time to join before it gets really shitty. Its still the whitest branch, and trains men thoroughly unlike the other branches. I doubt we're gonna see another ground war within the next 5-10 years, but I could be wrong. Only 3% of the fleet is currently deployed.

</p>

<p>

Its 0300 (Infantry) until I go to ITB. I still need to graduate boot first. And I'm 4 years Active Duty. There are a lot of Ex-military guys on this site, and most of them agree that the experience will really help the struggle in the long run.

</p>

<p>

Whats going on brother? What borough of Jew York do you live in?

</p>

<p>

Where at in North Jersey? I live near Summit.

</p>

<p>

No way. I've actually been trying to relay with some people around us but we live in the most Kosher part of the United States so it makes it hard to find fellow Fascists. Are you into Paramilitary shit at all?

</p>

<p>

Would you ever be interested in meeting up? I know you're brand new to the forum, but if you're serious about your ideology, I'm trying to extend a liaison for Ethnic Europeans and meet up with some guys. I'm in my last year of High School and I'm enlisted in the Marine Corps, so I've been looking to make some local connections before I ship out.

</p>

<p>

Ha once in a while I'm down for parties. Aren't most NY colleges just like blownout leftist cesspools though? What school do you go to? And whats your major?

</p>

<p>

That's a pretty good field. I'm thinking of doing maybe Sports medicine or programming with the GI Bill after I'm out.

</p>

<p>

I have this small facebook groupchat with like 3 other guys from NY and PA who are also Fascists I met on here. I have a feeling you're not a Mossad agent, so would you like to join our chat? It was originally for Polaks only but I think we can make an exception for some Vlachs lol.

Did you enlist in the US Armed Services or the one of Trinidad?
