	<b>OAC: 310:670</b>	<b>FACILITY DOES NOT MEET OKLAHOMA JAIL STANDARDS AS EVIDENCED BY:</b>	<b>RECOMMENDED PLAN OF CORRECTION</b>	<b>COMPLETE</b>
1	5-2(3)	<p><b>(3) There shall be at least one (1) visual sight check every hour which shall include all areas of each cell and such sight checks shall be documented.</b></p> <p>This standard was not met because I found evidence that jailers were watching the cameras and using the speaker monitors to do their hourly sight checks.</p>	<p>It is recommended that jail administrator ensures that jail staff conducts at least one sight check every hour that includes all areas of each cell and document each check in accordance with jail standards.</p>	
2	5-2(5)	<p><b>(5) No one person shall be permitted to enter a prisoner's cell or other area in which a prisoner is confined, past the last locked door, without backup assistance. Prior to breaching the last locked/secure door, central control or another staff member who can provide assistance will be notified. Documentation shall reflect the reason for the decision to enter a cell without backup assistance and a permanent record of the event shall be maintained.</b></p> <p>This standard was not met because no documented found as to why DO#2 entered without backup assistance.</p>	<p>It is recommended that the Jail Administrator ensures jail staff is aware that they are not allowed to enter a prisoner's cell or the last locked door without backup assistance.</p>
