

PRESS RELEASE

Half of Americans Have Discussed the Impeachment Proceedings with Family During Holiday Gatherings

Seven in ten say they are following the proceedings, with a third saying they are following them “a great deal”

Washington, DC, December 18th, 2019 — See below for results from the latest Ipsos poll, conducted on behalf of Newsy.

For full results, please refer to the following annotated questionnaire.

PRESS RELEASE

Full Annotated Questionnaire:

1. Below is a list of current political issues. Which, if any, do you believe to be the most important?

	Total (N=1,005)	Republicans (N=418)	Democrats (N=382)	Independents (N=130)
Health care	27%	22%	31%	33%
Immigration	22%	35%	12%	19%
Gun violence	21%	10%	34%	18%
Climate change	19%	6%	32%	15%
The economy and jobs	15%	18%	10%	18%
National security	15%	24%	9%	10%
Education	13%	11%	12%	18%

<i>Concerned (Net)</i>	<i>67%</i>	<i>77%</i>	<i>63%</i>	<i>58%</i>
<i>Not concerned (Net)</i>	<i>28%</i>	<i>19%</i>	<i>33%</i>	<i>31%</i>

9. Which of the following, if any, have impacted your opinion on the impeachment proceedings against the President? (Select all that apply).

	Total	Republicans	Democrats	Independents
Media coverage of the impeachment hearings or investigations	36%	38%	40%	28%
Listening to or watching the impeachment hearings	35%	32%	44%	23%
President Trump's response to the House investigations and hearings	33%	23%	49%	25%
None of these	37%	37%	26%	51%

10. Have you ever gone into debt because of the amount of political donations you've made?

	Total	Republicans	Democrats	Independents
Yes	3%	4%	3%	2%
No	94%	94%	96%	92%
Don't know	3%	2%	2%	6%

PRESS RELEASE

About the Study

These are some of the findings of an Ipsos poll conducted between December 16 and 17, 2019 on behalf of Newsy. For this survey, a sample of roughly 1,005 adults age 18+ from the continental U.S. Alaska and Hawaii was interviewed online in English. The sample includes 418 Republicans, 382 Democrats, and 130 Independents.

The sample for this study was randomly drawn from Ipsos' online panel (see link below for more info on "Access Panels and Recruitment"), partner online panel sources, and "river" sampling (see link below for more info on the Ipsos "Ampario Overview" sample method) and does not rely on a population frame in the traditional sense. Ipsos uses fixed sample targets, unique to each study, in drawing a sample. After a sample has been obtained from the Ipsos panel, Ipsos calibrates respondent characteristics to be representative of the U.S. Population using standard procedures such as raking-ratio adjustments. The source of these population targets is U.S. Census 2016 American Community Survey data. The sample drawn for this study reflects fixed sample targets on demographics. Post-hoc weights were made to the population characteristics on gender, age, race/ethnicity, region, and education.

Statistical margins of error are not applicable to online non-probability polls. All sample surveys and polls may be subject to other sources of error, including, but not limited to coverage error and measurement error. Where figures do not sum to 100, this is due to the effects of rounding. The precision of Ipsos online polls is measured using a credibility interval. In this case, the poll has a credibility interval of plus or minus 3.5 percentage points for all respondents. Ipsos calculates a design effect (DEFF) for each study based on the variation of the weights, following the formula of Kish (1965). This study had a credibility interval adjusted for design effect of the following ($n=1,005$, $DEFF=1.5$, adjusted Confidence Interval= ± 5.0 percentage points).

The poll also has a credibility interval plus or minus 5.5 percentage points for Republicans, plus or minus 5.7 percentage points for Democrats, and plus or minus 9.8 percentage points for Independents.
