

ATLANTIC YARDS aka Pacific Park Brooklyn Construction Update  
**Weeks of February 3 and February 10, 2020**

During this reporting period:

**LIRR Yard Activities - Block 1120 & 1121**

- Site restoration, asphalt installations, light installations, and cable pulling operations will continue in Blocks 1120 and 1121.
- Contractor to continue installing elevator and pedestrian bridge access adjacent to the Carlton Avenue and Pacific Street intersection.
- Contractor to install minor steel structures (stairs, gates, etc.) in various locations within the yard, no public access ways will be impeded.

**LIRR Yard Activities – Night/Weekend Work**

- Electrical utility installations, site restoration, track restoration/remediation, and work that require LIRR track outages are expected to continue in the yard.
- Contractor plans to work second shift to saw cut/trench/excavate, install train servicing equipment, and install yard lighting structures between 6:00pm and 6:00am pending LIRR support availability for this reporting period. Limited demolition work on yard road base may also occur in this time period. Appropriate noise, light, and dust mitigation practices will be implemented.

**B15**

- Concrete superstructure work continues. An increase in material and equipment deliveries as well as an increased labor force can be expected during this scope of work.
- Large steel trusses and the equipment needed to install them will be delivered and erected on site. Steel will be delivered overnight and stored in the Pacific Street queue area prior to installation.
- **A tower crane may be erected at the Site pending receipt of permits. A subsequent announcement will be issued for this work.**
- Saturday work permit applications will be submitted to DOB each week through the end of the calendar year for ongoing construction work. If received, residents should expect site work between the hours of 9am – 5pm.

**B4**

- Concrete superstructure work will continue during this reporting period with duration with an increase in material and equipment deliveries as well as an increased labor force should be anticipated during this scope of work.

- A tower crane may be erected at the site pending receipt of permits. A subsequent announcement will be issued for this work.
- Saturday work permit applications will be submitted to DOB each week through the end of the calendar year for ongoing construction work. If received, residents should expect site work between the hours of 9am – 5pm.

#### **B12 and B13 (595 Dean Street)**

- Possible fence repair may occur across both sites during this reporting period.

#### **Con Edison (Various)**

Con Edison will be working in and around 6th Avenue and Pacific Street to provide electric service to the B4 and B15 sites. Please note that utility companies are not subject to the Project's Memorandum of Environmental Commitments (MEC).

#### **How to Reach Pacific Park Brooklyn Community Liaison Office (CLO)**

The Community Liaison Office is now located at 550 Vanderbilt Avenue with entrance on Pacific Street. The CLO's hours are M-F from 9am – 4pm and can be reached by phone at 866-923-5315 and by email at [communityliaison@pacificparkbrooklyn.com](mailto:communityliaison@pacificparkbrooklyn.com)

#### **Noise Receptor Control Program**

You may be eligible to receive and have installed double paned or storm windows and an in-window air conditioning unit for certain residential units where such air conditioning and/or double paned windows/storm windows do not exist today. The cost of any windows and any air conditioning units, and the cost of their installation, would be borne by the Developer.

The locations that may be eligible at this time are the residential sites in proximity to site construction and identified in the 2006 Final Environmental Impact Statement (FEIS) or the 2014 Final Supplemental Environmental Impact Statement (FSEIS) as having the potential to experience significant adverse noise impacts during the construction of the Pacific Park Brooklyn project.

In order to schedule an on-site inspection by the Developer to determine which windows may be eligible for replacement and/or AC units provided please contact the Community Liaison Office at 866-923-5315 and by email at [communityliaison@pacificparkbrooklyn.com](mailto:communityliaison@pacificparkbrooklyn.com)
