In an abundance of caution, I'm presenting this claim form in an effort to exhaust any remaining obstacles prior to the commencement of legal actions regarding the imposition of an improper censure document delivered to me on August 7, 2019 as an elected official.

For the sake of brevity, and in conformity with any and all Sections of the Government Code relating to claims against a public entity, this claim form is being proffered to satisfy any and all of those provisions.

The basis of this complaint under the appropriate government code sections is as follows:

The censure document is deeply flawed both legally and factually. It is without merit or substance, and encroaches upon matters strictly limited under the law exclusively to the judiciary branch of government.

The censure document imposed is in violation of the State of California Constitution as it seeks to disenfranchise an elected member of local government in the utter absence of due process of law.

Thereby voiding a valid and proper vote by the constituents in District 7, who by their vote duly elected me to represent them and the Bullard School District to the best of my ability.

Said censure seeks to eliminate and void their vote by way of an improper instrument called a "censure" that has no legal or factual vitality.

Moreover, it was imposed in the utter absence of due process of law.

Trustee Major Terence Patrick Slatc USMC (Retired).

A handwritten signature in blue ink, appearing to read 'TPSlatc', written over the typed name of the trustee.
