

# You count for your community

Every Sun Devil that completes the census contributes \$3,000 per year to the community for:

- Federal student loan programs
- Healthcare
- Affordable housing
- Job creation
- Public transportation

## Invest in your future

On-campus students: You will receive information about census participation later in the semester.

Off-campus students: The mobile-friendly census form will be available **March 12**.

ASU students should count themselves in Arizona, where they live and sleep most of the time on April 1.
