Bill,

Justice Dan Kelly hangs out at pro-Trump campaign events, and Kelly's campaign is run out of Wisconsin Republican Party HQ.

Now, fresh off Donald Trump's endorsement of Dan Kelly last night, the WisGOP is attacking Jill, bragging about their massive infusion of corporate cash.

**The choice is clear: Donald Trump needs Dan Kelly on the Court to rig the election in November. We need your help to stop the corruption of our courts and uphold the rule of law.**
