| STATE OF SOUTH DAKOTA<br>Plaintiff<br><br>v.<br><br>Long, Crystallynn DOB 1/27/1980<br>Defendant | AFFIDAVIT IN SUPPORT OF<br>APPLICATION FOR ARREST WARRANT<br><br>CR20-3038 |

I, Cory Hartley, being first duly sworn on oath, depose and state that I am a Detective with the Minnehaha County Sheriff's Office, Sioux Falls, South Dakota. I am one of the officers in charge of the investigation of the above-styled matter. That I make this Affidavit in support of the State's Attorney's request for a warrant for the arrest of the above-named Defendant, and in compliance with SDCL 23A-2-2, and states as follows:

1. On 5/13/20, Sioux Falls Police Department Officer Benjamin Erickson was dispatched to the Army Career Center at 5019 S. Louise Avenue, Sioux Falls, Minnehaha County, South Dakota, for a child abuse complaint. Upon his arrival, he spoke with [redacted] and [redacted] DOB 2/24/03. [redacted] said he was previously married to Crystallynn Long and they have been divorced for approximately 5 years. He has two children with Crystallynn. His two children with Crystallynn are [redacted] and [redacted]. [redacted] is [redacted] years old and [redacted] is [redacted] years old. Crystallynn has 3 older children from a previous marriage. Crystallynn's three older children are [redacted], and [redacted] is [redacted] years old, [redacted] is [redacted] years old, and [redacted] is [redacted] years old. [redacted], [redacted], and [redacted] father is deceased. Crystallynn married Lance Long approximately 5 years ago. Crystallynn has been living with Lance, [redacted], and [redacted] for the last five years. They lived in Isabel, South Dakota, until 2017 then they moved to several different states and moved to 6421 N. 10th Avenue, Sioux Falls, Minnehaha County, South Dakota, in November of 2019. [redacted] said he currently has primary custody of [redacted] and [redacted] He said his primary custody of [redacted] and [redacted] began one year ago but [redacted] and [redacted] visit Crystallynn often. He said [redacted] and [redacted] have been visiting Crystallynn at 6421 N. 10th Avenue for the last month or so and they are currently at that residence. [redacted] said [redacted] told him that Lance has been physically abusing and giving drugs to [redacted], and [redacted]

2. Officer Erickson spoke with [redacted]. [redacted] said he recently joined the Marine Corps and he told his recruitment sergeant about all of the problems that have been going on at home over the last 5 years. His recruitment sergeant called [redacted] and told him about what [redacted] was saying. [redacted] drove to Sioux Falls to meet with [redacted] and report the abuse to the police.

3. [redacted] told Officer Erickson that Lance has been giving him and [redacted] marijuana and methamphetamine for the last 2 and a half years. He said Lance has given [redacted] and [redacted] marijuana for the last two months. He said Lance gave [redacted] and [redacted] methamphetamine approximately 5 weeks ago. Approximately 5 weeks ago, [redacted] and [redacted] looked high and they told him that Lance had given them methamphetamine.

4. [redacted] told Officer Erickson that Lance assaults and physiologically intimidates everyone in the household. He said Lance primarily assaults [redacted]. He said Lance often pushes [redacted] against walls, punches him in the kidneys and thighs, and prods him with a taser and a hot-shot cattle prod.

5. Officer Erickson recorded the information [redacted] and [redacted] reported in SFPD case report number PD20-009046. Officer Erickson ran Lance Long's information and discovered that Lance had a full extradition warrant out of Missouri. Officer Erickson saw that the address 6421 N. 10th Avenue, Sioux Falls, is Minnehaha County jurisdiction and he passed on the information he learned from [redacted] and [redacted] to the Minnehaha County Sheriff's Office.

6. On 5/13/20, Minnehaha County Deputies Corey Stanley and Damian Kardas responded to 6421 N. 10th Avenue to perform a welfare check on [redacted], and [redacted]. They knocked on the door to the residence and [redacted] answered. Deputy Stanley told [redacted] about the allegations that [redacted] had made. [redacted] and [redacted] came to the door as well. [redacted], [redacted] and [redacted] denied being abused or being given drugs by Lance.

7. Deputy Stanley called me and said that he spoke with [redacted], [redacted] and [redacted] about the abuse allegations made by [redacted]. Deputy Stanley said he observed that [redacted] appeared to be excessively nervous while speaking with him. Based on his training and experience, he suspected that [redacted] was afraid to speak with him about what was going on. I responded to the residence to assist with this incident. Upon my arrival, Deputies Stanley and Kardas were speaking with Crystallynn and [redacted] in the driveway. I told Crystallynn why I was at the residence. Crystallynn denied giving her children drugs, and she denied any knowledge of Lance physically abusing them. I asked Crystallynn if I could speak with [redacted] about the allegations that [redacted] was making. Cyrstallynn gave me permission to speak with [redacted].

8. I spoke with [redacted] in my vehicle without Crystallynn present. [redacted] said everything [redacted] said was true. She said she is very worried about her two younger brothers but she's happy that someone finally said something about Lance. Crystallynn began walking near my vehicle apparently attempting to look in at [redacted]. Upon seeing Crystallynn, [redacted] asked if we could end our conversation so I ended our conversation at that time.

9. [redacted] and [redacted] arrived on scene. Minnehaha County Detective Elliot Crayne and Department of Social Services employee Brandi Storgaard arrived on scene. I told Crystallynn that I had cause to believe [redacted]'s allegations were credible and that I needed to proceed with an investigation. Detective Crayne asked Crystallynn about Lance tasering her kids. Crystallynn said Lance will sometimes chase their children with a hot-shot taser to intimidate them but that he doesn't actually taze them.

10. I spoke with [redacted] in my vehicle. [redacted] told me the same information he told Officer Erickson. [redacted] said he has an older sister named [redacted]. He said [redacted] is [redacted] years old and she lives in [redacted] with her husband. He said [redacted] claimed that Lance raped her multiple times while they were living in Isabel, South Dakota. [redacted] rape allegations were investigated by nothing ever happened so he and none of his other siblings have ever tried to report Lance's abuse after that because they were afraid it would make things worse for them like it did for [redacted]. [redacted] said he's been living in fear of Lance for the last five years but now that he's joining the Marine Corp and out of the household he has finally decided that something needs to be done about Lance's cruelty. He said he is afraid of leaving his siblings alone with Lance because he won't be around to protect them anymore. [redacted] said he doesn't think there will be any drugs left in the house because Crystallynn and Lance are smart about getting rid of any evidence after using drugs. He said if there were any drugs, then the drugs would be located in Crystallynn and Lance's bedroom. He said the methamphetamine that Lance gave them was normally crushed and snorted. He said Lance gave them the methamphetamine and marijuana and he said it would help them learn about drugs so that drugs wouldn't ruin their lives later on. He said Crystallynn never encouraged them to use

methamphetamine or marijuana but she was present whenever they would use drugs and she would agree with Lance and allow them to use the drugs. [redacted] said he doesn't think Lance has ever made any sexual advances toward [redacted].

11. I told Crystallynn that [redacted] and [redacted] needed to be turned over to [redacted]. Crystallynn gathered [redacted] and [redacted]s things and allowed them to leave the area with [redacted]. A child's voice appointment was scheduled for the following morning to have [redacted] and [redacted] interviewed over this incident. Crystallynn said [redacted] and [redacted] could stay with their grandparents for the time-being. Crystallynn agreed to a safety plan with DSS that stated [redacted] and [redacted] would stay with their grandparents until the investigation was complete. [redacted] and [redacted] were later taken into law enforcement custody and officially placed into the care of their grandparents.

12. I asked Crystallynn if I could search her house and vehicles. Crystallynn gave me consent to search her house and vehicles. I searched Crystallynn's house along with Deputy Kardas, Deputy Stanley, and Detective Crayne. During the search, Detective Crayne asked Crystallynn for the taser. Cyrstallynn had Detective Crayne follow her up to the hallway cupboard. Cyrstallynn opened the cupboard, took out a hot-shot taser, and gave the hot-shot to Detective Crayne. Crystallynn said that was the hot-shot taser she and [redacted] were referring to.

13. I searched Cyrstallynn and Lance's bedroom. Inside of a dresser in the bedroom, I located a vial labeled "testosterone." The vial had a liquid substance inside of it and it didn't appear to have any prescription information on it. I collected the vial of testosterone. Also, inside of the dresser, I located a bottle of hydrocodone. The hydrocodone was prescribed to Lance Long and it appeared to be a valid prescription. I did not collect the hydrocodone. In the master bathroom cabinet, I located several syringes that were prescribed to Lance Long. I did not collect the syringes. In the bedroom closet, I saw a square mirror on a closet shelf. I collected the mirror under the suspicion that it may have been used as a surface to snort drugs off of. I later field tested the mirror for methamphetamine and cocaine and it field tested negative.

14. After searching the residence, I told Crystallynn I collected a vial of testosterone and a mirror from her bedroom. Crystallynn called Lance and put him on speakerphone. Crystallynn said the testosterone was prescribed to Lance and she would be able to provide a prescription for it. Crystallynn said the mirror was in the house when they moved in last year. Deputy Crayne asked Crystallynn if we could schedule a time for her and Lance to come in for an interview. Lance said he knew he has a warrant out for his arrest so he wouldn't be coming in for an interview. He said he didn't abuse or give drugs to any of the kids in the home and that he and Crystallynn likely won't be speaking to law enforcement without a lawyer. Deputy Crayne told Crystallynn and Lance that the Sheriff's Office would contact them in the future to see if they would like to come in for an interview or not. We cleared from the residence and placed all of the items collected into evidence at the law enforcement center.

15. I called [redacted] and asked her about Lance. [redacted] said Lance moved into their house in Isabel the same week that [redacted] moved out. She said Lance began molesting her three months after he moved into the house. She said Lance physically abused her and her siblings constantly. She said Lance would intimidate her and her siblings into doing whatever he wanted. She said he began raping her when she was 14 years old and he forced her to have sex with him at least 150 times. By sex, she was referring to forced acts of sexual penetration. She said she began allowing Lance to have sex with her to avoid being punished or psychologically tormented. She said Lance would zap her with a hot-shot, hit her, and tie a dog collar around her thigh and shock her with hit if she refused to have sex with him. Before she was allowed to go on her first date with her future husband, Lance said she needed to

"fuck him" if she wanted to go out on a date. She got married at the age of 16 so she could leave the house and get away from Lance. She knows Crystallynn knew about Lance raping her because Crystallynn saw her naked in bed with Lance multiple times but she pretended not to see it. The rapes were reported in Corson County, South Dakota, but nothing ever happened because she was told that it was her word against Lance's. She doesn't care about filing a police report now because she knows it will be impossible to prove anything but she's worried about her siblings living with Lance. [redacted] said she lives in [redacted], currently. She said she transported [redacted], and [redacted] from [redacted] house near Isabel to Crystallynn's house in Sioux Falls last December and she stayed with them over the holidays. While she was staying with them, Lance took out some methamphetamine and gave her and [redacted] each a baggie of meth. She refused the meth. [redacted] accepted and snorted the meth. She currently has several outstanding methamphetamine charges in Hughes county. She knows what methamphetamine is and she is sure that Lance gave them methamphetamine. [redacted] said that Lance is a cruel and evil person. She said he enjoys hurting and controlling kids. She said Lance has never sexually exploited [redacted] as far as she knows.

16. On 5/14/20, I attended [redacted] and [redacted] child's voice interviews. During [redacted]'s interview, he said he enjoys living with Crystallynn and he feels safe living around Lance. [redacted] began crying during the interview. He said he was crying because he misses his mom. He said he has never seen any drugs in the home. He said Lance gets mad easily and has a short fuse but he's otherwise fun to be around. [redacted] made no disclosures of apparent neglect or mistreat during his interview.

17. [redacted] was interviewed after [redacted]. During his interview, [redacted] said Lance gets mean sometimes. He said Lance sometimes backhands him and slaps him in the mouth. He said Lance has a hot-shot taser and he hits him in the leg with it often whenever he misbehaves. [redacted] said he was 7 and a half the first time Lance hit him with the hot-shot. He said Lance has shocked him with the hot-shot multiple times over the last few years. He said Lance has shocked him multiple times during the same incident in the past. He said Lance normally shocks him whenever he is misbehaving but Lance has also shocked him for no apparent reason in the past. He said he was sitting in the kitchen when he was 10 and Lance shocked him with the hot-shot for no reason other than because he thought it was funny. He said Lance also shocked him for no reason outside one time. He said it hurts and it makes him mad and sad when Lance shocks him with the hot-shot. [redacted] drew a picture of the hot shot that Lance uses to shock him on the board in the interview room. [redacted] drawing of the hot-shot was a match to the hot-shot collected from 6421 N. 10th Avenue. [redacted] said he has seen Lance shock [redacted] with the hot-shot multiple times in the past. He said the last time Lance shocked him with the hot-shot was approximately 1 week ago. He said Lance shocked him in the back while they were in the garage at 6421 N. 10th Avenue. [redacted] said no one else shocks him with the hot-shot. He said he and [redacted] will take the hot shot and zap a metal pan with it while they take turns holding the pan but they don't shock each other directly with it. [redacted] said Crystallynn hates it when Lance uses the hot shot on him or any of his siblings. He said Lance has been using the hot shot on him less frequently in the last few months but he is still using it on him.

18. [redacted] was asked drug related questions. [redacted] said he has seen Lance using testosterone with needles. He said he has seen Lance giving [redacted] testosterone.

19. [redacted] said Lance has tried to get him to look at pornographic photographs in the past. He said Lance will pull up a picture of naked people on his phone and attempt to show it to him. He said he looks away from Lance's phone whenever he tries to show him a naked picture. He said he knows the photos on Lance's phone are of naked people because Lance shows the pictures to [redacted] or Crystallynn first and they always say something about the pictures before

Lance shows the pictures to him.

20. Physician's Assistant Kirsten Persson performed a medical examination on [redacted] and [redacted]. After performing the medical exam, Kirsten told me she observed two sets of dual impact marks on [redacted]. She observed one set of marks on [redacted]'s mid-back area and one set on his outer thigh. [redacted] told P.A. Kirsten that the marks were caused by Lance shocking him with the hot-shot. Kirsten said her medical diagnosis for the two sets of marks on [redacted] is that they are consistent with physical abuse. I collected photographs of the marks on [redacted] and video recordings of the interviews with [redacted] and [redacted]. Child's voice obtained urine samples from [redacted] and [redacted]. Dr. Persson said the results of the urine samples will be included in her report that will be delivered the Sheriff's Office in the future. The items collected from child's voice were placed into evidence at the law enforcement center.

21. I called [redacted] and [redacted]'s grandparents, [redacted] and [redacted] brought [redacted] and [redacted] to the law enforcement center. I spoke with [redacted] about this incident. Detective Vanroekel spoke with [redacted]. [redacted] said Lance moved into their house in Isabel a week after Crystallynn and [redacted] were divorced. He said everything was good for the first few months that Lance lived there. He said Lance began using the hot-shot to punish him and his sibling whenever they misbehaved. He said Lance always picked on [redacted] worse than anyone else in the family. He said Lance ran-over [redacted] with a three-wheel ATV in Isabel. He said Lance was chasing [redacted] on the three-wheeler and one of the back tires rode over him. He said Lance ran-over [redacted] twice with the three-wheeler during the same incident. He said Lance has hit [redacted] with a whip in the past. He said Lance often "frogs" him and his siblings in the kidneys and thighs. Frogging someone is when you punch them with your middle knuckle raised. He said he used to rodeo and they moved 8 times since 2017 due to his rodeoing and some check fraud trouble that Lance and Crystallynn got involved in. He said Crstayllynn sold a property from her first marriage and she gets paid $26,000.00 every three months due to the sale. [redacted] said Lance often uses three different tasers on him and his siblings. He said Lance uses a hand-held hot-shot, a cattle prod style hot-shot, and a black baton style taser on them. He said Lance shocked [redacted] with the baton-style taser one week ago. One week ago, Crystallynn threw away a dildo and [redacted] took it out of the trash and threw it at [redacted] as a joke. Lance was mad at him for throwing the dildo at [redacted] so he grabbed the taser and shocked [redacted] with it twice. He saw Lance shock [redacted] in the back and the outer thigh with the taser. He suspects that Lance got rid of the taser after he learned about him reporting Lance to the police. He suspects that Crystallynn and Lance have fled the state and he assumes they are going back to Hawaii. They previously lived in Hawaii for a few months and they were planning on moving the family to Hawaii before long.

22. [redacted] said Lance began giving him and [redacted] methamphetamine approximately 2 and a half years ago. He began giving them methamphetamine so they would stay awake during road trips. The meth would keep him awake for multiple days at a time. Whenever Lance gave him meth, he would either put it on a square piece of glass or on his cell phone then he would crush it up and roll up a dollar bill for him to snort it. He assumes Lance gave them meth approximately 12 times in the last 2 and a half years. Lance would also give them marijuana. Lance grew up using meth and he suspects Lance legitimately thought it would help them to give them methamphetamine so they knew what it did. Crystallynn was present nearly every time Lance gave them meth. Crystallynn was also present almost every time Lance gave them marijuana. [redacted] showed me text messages on his phone from Lance wherein Lance was showing him marijuana related products he bought for them all to use. [redacted] said he came home approximately 5 weeks ago and he saw that [redacted] appeared to be high on meth. [redacted] and [redacted] told him that Lance had given them meth. The last time Lance gave him meth was between two

and three months ago at their home.

23. [redacted] said Crystallynn and Lance got into financial trouble while they were living in Isabel, South Dakota. He said Lance made him and [redacted] help him to steal cattle from their neighbors. He said he and [redacted] helped Lance rustle cattle on 6 separate incidents while they were living in Isabel. Lance told him he needed to rustle the cattle so their family would be financially stable.

24. [redacted] said he knows Lance raped [redacted] while they were living in Isabel. He said he remembers seeing Lance and [redacted] under the covers on Lance's bed and they were moving around, obviously engaged in some form of sexual activity. He said he never investigated what was going on due to his age and his fear of Lance.

25. I spoke with Detective Vanroekel about her interview with [redacted]. [redacted] told her that Lance and Crystallynn have been providing her with methamphetamine and marijuana since she was 12 years old. She said Crystallynn and Lance would also give her alcohol frequently. She said Lance uses a hot-shot taser on [redacted] frequently. She said the hot-shot will leave two marks on the skin from the prongs after someone is zapped with it. [redacted] described the cattle prod as being blue with two metal prods on it and a pink string hanging off of it. [redacted]'s description of the hot-shot was a match to the one collected by Detective Crayne. [redacted] said Lance has shocked her with the hot-shot in the past when they lived in Isabel. Lance would shock her with it while they played the "trust game." The trust game was when Lance would hold the hot-shot an inch or two above her stomach then ask her if she trusted him. He would shock her intermittently during the game. She said Lance hurt [redacted] bad when they lived in Isabel. She said Lance grabbed [redacted] by the hair and swung her into a fence post whereupon she hit her head on the fencepost and it caused her head to bleed. [redacted] said there has been violence between Crystallynn and Lance in the past. She recalled one time where Crystallynn was being hurt and she asked her to get help but she froze and didn't do anything. [redacted] said Lance has never sexually abused her. She said [redacted] told her that Lance raped her when they lived in Isabel and he would make her perform special favors for him but no one believed her. [redacted] said she has tried to kill herself two times in the past due to how she feels about everything going on at home. She said she doesn't currently have any thoughts of suicide and she would tell her grandparents if she does. [redacted] said there is also a cattle prod that Lance uses on her brothers in addition to the hand held hot-shot. She said Lance gave her two hydrocodone pills two days ago and she took them.

Wherefore your affiant now believes there is probable cause for issuance of an arrest warrant charging the defendant with four counts of abuse and cruelty to a minor or whatever charges are deemed appropriate.

| STATE OF SOUTH DAKOTA<br>Plaintiff<br><br>v.<br><br>Long, Lance Lowell DOB 10/29/1983<br>Defendant | AFFIDAVIT IN SUPPORT OF<br>APPLICATION FOR ARREST WARRANT<br>CR 20-3639 |

I, Cory Hartley, being first duly sworn on oath, depose and state that I am a Detective with the Minnehaha County Sheriff's Office, Sioux Falls, South Dakota. I am one of the officers in charge of the investigation of the above-styled matter. That I make this Affidavit in support of the State's Attorney's request for a warrant for the arrest of the above-named Defendant, and in compliance with SDCL 23A-2-2, and states as follows:

1. On 5/13/20, Sioux Falls Police Department Officer Benjamin Erickson was dispatched to the Army Career Center at 5019 S. Louise Avenue, Sioux Falls, Minnehaha County, South Dakota, for a child abuse complaint. Upon his arrival, he spoke with [redacted] and [redacted] DOB 2/24/03. [redacted] said he was previously married to Crystallynn Long and they have been divorced for approximately 5 years. He has two children with Crystallynn. His two children with Crystallynn are [redacted] and [redacted]. [redacted] is [redacted] years old and [redacted] is [redacted] years old. Crystallynn has 3 older children from a previous marriage. Crystallynn's three older children are [redacted], [redacted], and [redacted]. [redacted] is [redacted] years old, [redacted] is [redacted] years old, and [redacted] is [redacted] years old. [redacted], [redacted], and [redacted] father is deceased. Crystallynn married Lance Long approximately 5 years ago. Crystallynn has been living with Lance, [redacted], and [redacted] for the last five years. They lived in Isabel, South Dakota, until 2017 then they moved to several different states and moved to 6421 N. 10th Avenue, Sioux Falls, Minnehaha County, South Dakota, in November of 2019. [redacted] said he currently has primary custody of [redacted] and [redacted]. He said his primary custody of [redacted] and [redacted] began one year ago but [redacted] and [redacted] visit Crystallynn often. He said [redacted] and [redacted] have been visiting Crystallynn at 6421 N. 10th Avenue for the last month or so and they are currently at that residence. [redacted] said [redacted] told him that Lance has been physically abusing and giving drugs to [redacted], [redacted], [redacted], and [redacted].

2. Officer Erickson spoke with [redacted]. [redacted] said he recently joined the Marine Corps and he told his recruitment sergeant about all of the problems that have been going on at home over the last 5 years. His recruitment sergeant called [redacted] and told him about what [redacted] was saying. [redacted] drove to Sioux Falls to meet with [redacted] and report the abuse to the police.

3. [redacted] told Officer Erickson that Lance has been giving him and [redacted] marijuana and methamphetamine for the last 2 and a half years. He said Lance has given [redacted] and [redacted] marijuana for the last two months. He said Lance gave [redacted] and [redacted] methamphetamine approximately 5 weeks ago. Approximately 5 weeks ago, [redacted] and [redacted] looked high and they told him that Lance had given them methamphetamine.

4. [redacted] told Officer Erickson that Lance assaults and physiologically intimidates everyone in the household. He said Lance primarily assaults [redacted]. He said Lance often pushes [redacted] against walls, punches him in the kidneys and thighs, and prods him with a taser and a hot-shot cattle prod.

5. Officer Erickson recorded the information [redacted] and [redacted] reported in SFPD case report number PD20-009046. Officer Erickson ran Lance Long's information and discovered that Lance had a full extradition warrant out of Missouri. Officer Erickson saw that the address 6421 N. 10th Avenue, Sioux Falls, is Minnehaha County jurisdiction and he passed on the information he learned from [redacted] and [redacted] to the Minnehaha County Sheriff's Office.

6. On 5/13/20, Minnehaha County Deputies Corey Stanley and Damian Kardas responded to 6421 N. 10th Avenue to perform a welfare check on [redacted], and [redacted]. They knocked on the door to the residence and [redacted] answered. Deputy Stanley told [redacted] about the allegations that [redacted] had made. [redacted] and [redacted] came to the door as well. [redacted], and [redacted] denied being abused or being given drugs by Lance.

7. Deputy Stanley called me and said that he spoke with [redacted] and [redacted] about the abuse allegations made by [redacted]. Deputy Stanley said he observed that [redacted] appeared to be excessively nervous while speaking with him. Based on his training and experience, he suspected that [redacted] was afraid to speak with him about what was going on. I responded to the residence to assist with this incident. Upon my arrival, Deputies Stanley and Kardas were speaking with Crystallynn and [redacted] in the driveway. I told Crystallynn why I was at the residence. Crystallynn denied giving her children drugs, and she denied any knowledge of Lance physically abusing them. I asked Crystallynn if I could speak with [redacted] about the allegations that [redacted] was making. Cyrstallynn gave me permission to speak with [redacted].

8. I spoke with [redacted] in my vehicle without Crystallynn present. [redacted] said everything [redacted] said was true. She said she is very worried about her two younger brothers but she's happy that someone finally said something about Lance. Crystallynn began walking near my vehicle apparently attempting to look in at [redacted]. Upon seeing Crystallynn, [redacted] asked if we could end our conversation so I ended our conversation at that time.

9. [redacted] and [redacted] arrived on scene. Minnehaha County Detective Elliot Crayne and Department of Social Services employee Brandi Storgaard arrived on scene. I told Crystallynn that I had cause to believe [redacted]s allegations were credible and that I needed to proceed with an investigation. Detective Crayne asked Crystallynn about Lance tasering her kids. Crystallynn said Lance will sometimes chase their children with a hot-shot taser to intimidate them but that he doesn't actually taze them.

10. I spoke with [redacted] in my vehicle. [redacted] told me the same information he told Officer Erickson. [redacted] said he has an older sister named [redacted]. He said [redacted] is [redacted] years old and she lives in Pierre, SD, with her husband. He said [redacted] claimed that Lance raped her multiple times while they were living in Isabel, South Dakota. [redacted] rape allegations were investigated by nothing ever happened so he and none of his other siblings have ever tried to report Lance's abuse after that because they were afraid it would make things worse for them like it did for [redacted]. [redacted] said he's been living in fear of Lance for the last five years but now that he's joining the Marine Corp and out of the household he has finally decided that something needs to be done about Lance's cruelty. He said he is afraid of leaving his siblings alone with Lance because he won't be around to protect them anymore. [redacted] said he doesn't think there will be any drugs left in the house because Crystallynn and Lance are smart about getting rid of any evidence after using drugs. He said if there were any drugs, then the drugs would be located in Crystallynn and Lance's bedroom. He said the methamphetamine that Lance gave them was normally crushed and snorted. He said Lance gave them the methamphetamine and marijuana and he said it would help them learn about drugs so that drugs wouldn't ruin their lives later on. He said Crystallynn never encouraged them to use

methamphetamine or marijuana but she was present whenever they would use drugs and she would agree with Lance and allow them to use the drugs. [redacted] said he doesn't think Lance has ever made any sexual advances toward [redacted].

11. I told Crystallynn that [redacted] and [redacted] needed to be turned over to [redacted]. Crystallynn gathered [redacted] and [redacted]'s things and allowed them to leave the area with [redacted]. A child's voice appointment was scheduled for the following morning to have [redacted] and [redacted] interviewed over this incident. Crystallynn said [redacted] and [redacted] could stay with their grandparents for the time-being. Crystallynn agreed to a safety plan with DSS that stated [redacted] and [redacted] would stay with their grandparents until the investigation was complete. [redacted] and [redacted] were later taken into law enforcement custody and officially placed into the care of their grandparents.

12. I asked Crystallynn if I could search her house and vehicles. Crystallynn gave me consent to search her house and vehicles. I searched Crystallynn's house along with Deputy Kardas, Deputy Stanley, and Detective Crayne. During the search, Detective Crayne asked Crystallynn for the taser. Cyrstallynn had Detective Crayne follow her up to the hallway cupboard. Cyrstallynn opened the cupboard, took out a hot-shot taser, and gave the hot-shot to Detective Crayne. Crystallynn said that was the hot-shot taser she and [redacted] were referring to.

13. I searched Cyrstallynn and Lance's bedroom. Inside of a dresser in the bedroom, I located a vial labeled "testosterone." The vial had a liquid substance inside of it and it didn't appear to have any prescription information on it. I collected the vial of testosterone. Also, inside of the dresser, I located a bottle of hydrocodone. The hydrocodone was prescribed to Lance Long and it appeared to be a valid prescription. I did not collect the hydrocodone. In the master bathroom cabinet, I located several syringes that were prescribed to Lance Long. I did not collect the syringes. In the bedroom closet, I saw a square mirror on a closet shelf. I collected the mirror under the suspicion that it may have been used as a surface to snort drugs off of. I later field tested the mirror for methamphetamine and cocaine and it field tested negative.

14. After searching the residence, I told Crystallynn I collected a vial of testosterone and a mirror from her bedroom. Crystallynn called Lance and put him on speakerphone. Crystallynn said the testosterone was prescribed to Lance and she would be able to provide a prescription for it. Crystallynn said the mirror was in the house when they moved in last year. Deputy Crayne asked Crystallynn if we could schedule a time for her and Lance to come in for an interview. Lance said he knew he has a warrant out for his arrest so he wouldn't be coming in for an interview. He said he didn't abuse or give drugs to any of the kids in the home and that he and Crystallynn likely won't be speaking to law enforcement without a lawyer. Deputy Crayne told Crystallynn and Lance that the Sheriff's Office would contact them in the future to see if they would like to come in for an interview or not. We cleared from the residence and placed all of the items collected into evidence at the law enforcement center.

15. I called [redacted] and asked her about Lance. [redacted] said Lance moved into their house in Isabel the same week that [redacted] moved out. She said Lance began molesting her three months after he moved into the house. She said Lance physically abused her and her siblings constantly. She said Lance would intimidate her and her siblings into doing whatever he wanted. She said he began raping her when she was 14 years old and he forced her to have sex with him at least 150 times. By sex, she was referring to forced acts of sexual penetration. She said she began allowing Lance to have sex with her to avoid being punished or psychologically tormented. She said Lance would zap her with a hot-shot, hit her, and tie a dog collar around her thigh and shock her with hit if she refused to have sex with him. Before she was allowed to go on her first date with her future husband, Lance said she needed to

"fuck him" if she wanted to go out on a date. She got married at the age of 16 so she could leave the house and get away from Lance. She knows Crystallynn knew about Lance raping her because Crystallynn saw her naked in bed with Lance multiple times but she pretended not to see it. The rapes were reported in Corson County, South Dakota, but nothing ever happened because she was told that it was her word against Lance's. She doesn't care about filing a police report now because she knows it will be impossible to prove anything but she's worried about her siblings living with Lance. [redacted] said she lives in Pierre, SD, currently. She said she transported [redacted], [redacted] and [redacted] from [redacted]s house near Isabel to Crystallynn's house in Sioux Falls last December and she stayed with them over the holidays. While she was staying with them, Lance took out some methamphetamine and gave her and [redacted] each a baggie of meth. She refused the meth, [redacted] accepted and snorted the meth. She currently has several outstanding methamphetamine charges in Hughes county. She knows what methamphetamine is and she is sure that Lance gave them methamphetamine. [redacted] said that Lance is a cruel and evil person. She said he enjoys hurting and controlling kids. She said Lance has never sexually exploited [redacted] as far as she knows.

16. On 5/14/20, I attended [redacted] and [redacted]'s child's voice interviews. During [redacted]s interview, he said he enjoys living with Crystallynn and he feels safe living around Lance. [redacted] began crying during the interview. He said he was crying because he misses his mom. He said he has never seen any drugs in the home. He said Lance gets mad easily and has a short fuse but he's otherwise fun to be around. [redacted] made no disclosures of apparent neglect or mistreat during his interview.

17. [redacted] was interviewed after [redacted] During his interview, [redacted] said Lance gets mean sometimes. He said Lance sometimes backhands him and slaps him in the mouth. He said Lance has a hot-shot taser and he hits him in the leg with it often whenever he misbehaves. [redacted] said he was 7 and a half the first time Lance hit him with the hot-shot. He said Lance has shocked him with the hot-shot multiple times over the last few years. He said Lance has shocked him multiple times during the same incident in the past. He said Lance normally shocks him whenever he is misbehaving but Lance has also shocked him for no apparent reason in the past. He said he was sitting in the kitchen when he was 10 and Lance shocked him with the hot-shot for no reason other than because he thought it was funny. He said Lance also shocked him for no reason outside one time. He said it hurts and it makes him mad and sad when Lance shocks him with the hot-shot. [redacted] drew a picture of the hot shot that Lance uses to shock him on the board in the interview room. [redacted]'s drawing of the hot-shot was a match to the hot-shot collected from 6421 N. 10th Avenue. [redacted] said he has seen Lance shock [redacted] with the hot-shot multiple times in the past. He said the last time Lance shocked him with the hot-shot was approximately 1 week ago. He said Lance shocked him in the back while they were in the garage at 6421 N. 10th Avenue. [redacted] said no one else shocks him with the hot-shot. He said he and [redacted] will take the hot shot and zap a metal pan with it while they take turns holding the pan but they don't shock each other directly with it. [redacted] said Crystallynn hates it when Lance uses the hot shot on him or any of his siblings. He said Lance has been using the hot shot on him less frequently in the last few months but he is still using it on him.

18. [redacted] was asked drug related questions. [redacted] said he has seen Lance using testosterone with needles. He said he has seen Lance giving [redacted] testosterone.

19 [redacted] said Lance has tried to get him to look at pornographic photographs in the past. He said Lance will pull up a picture of naked people on his phone and attempt to show it to him. He said he looks away from Lance's phone whenever he tries to show him a naked picture. He said he knows the photos on Lance's phone are of naked people because Lance shows the pictures to [redacted] or Crystallynn first and they always say something about the pictures before

Lance shows the pictures to him.

20. Physician's Assistant Kirsten Persson performed a medical examination on [redacted] and [redacted]. After performing the medical exam, Kirsten told me she observed two sets of dual impact marks on [redacted]. She observed one set of marks on [redacted]'s mid-back area and one set on his outer thigh. [redacted] told P.A. Kirsten that the marks were caused by Lance shocking him with the hot-shot. Kirsten said her medical diagnosis for the two sets of marks on [redacted] is that they are consistent with physical abuse. I collected photographs of the marks on [redacted] and video recordings of the interviews with [redacted] and [redacted]. Child's voice obtained urine samples from [redacted] and [redacted] Dr. Persson said the results of the urine samples will be included in her report that will be delivered the Sheriff's Office in the future. The items collected from child's voice were placed into evidence at the law enforcement center.

21. I called [redacted] and [redacted]'s grandparents, [redacted] and [redacted]. [redacted] and [redacted] brought [redacted] and [redacted] to the law enforcement center. I spoke with [redacted] about this incident. Detective Vanroekel spoke with [redacted] said Lance moved into their house in Isabel a week after Crystallynn and [redacted] were divorced. He said everything was good for the first few months that Lance lived there. He said Lance began using the hot-shot to punish him and his sibling whenever they misbehaved. He said Lance always picked on [redacted] worse than anyone else in the family. He said Lance ran-over [redacted] with a three-wheel ATV in Isabel. He said Lance was chasing [redacted] on the three-wheeler and one of the back tires rode over him. He said Lance ran-over [redacted] twice with the three-wheeler during the same incident. He said Lance has hit [redacted] with a whip in the past. He said Lance often "frogs" him and his siblings in the kidneys and thighs. Frogging someone is when you punch them with your middle knuckle raised. He said he used to rodeo and they moved 8 times since 2017 due to his rodeoing and some check fraud trouble that Lance and Crystallynn got involved in. He said Crstayllynn sold a property from her first marriage and she gets paid $26,000.00 every three months due to the sale. [redacted] said Lance often uses three different tasers on him and his siblings. He said Lance uses a hand-held hot-shot, a cattle prod style hot-shot, and a black baton style taser on them. He said Lance shocked [redacted] with the baton-style taser one week ago. One week ago, Crystallynn threw away a dildo and [redacted] took it out of the trash and threw it at [redacted] as a joke. Lance was mad at him for throwing the dildo at [redacted] so he grabbed the taser and shocked [redacted] with it twice. He saw Lance shock [redacted] in the back and the outer thigh with the taser. He suspects that Lance got rid of the taser after he learned about him reporting Lance to the police. He suspects that Crystallynn and Lance have fled the state and he assumes they are going back to Hawaii. They previously lived in Hawaii for a few months and they were planning on moving the family to Hawaii before long.

22 [redacted] said Lance began giving him and [redacted] methamphetamine approximately 2 and a half years ago. He began giving them methamphetamine so they would stay awake during road trips. The meth would keep him awake for multiple days at a time. Whenever Lance gave him meth, he would either put it on a square piece of glass or on his cell phone then he would crush it up and roll up a dollar bill for him to snort it. He assumes Lance gave them meth approximately 12 times in the last 2 and a half years. Lance would also give them marijuana. Lance grew up using meth and he suspects Lance legitimately thought it would help them to give them methamphetamine so they knew what it did. Crystallynn was present nearly every time Lance gave them meth. Crystallynn was also present almost every time Lance gave them marijuana. [redacted] showed me text messages on his phone from Lance wherein Lance was showing him marijuana related products he bought for them all to use. [redacted] said he came home approximately 5 weeks ago and he saw that [redacted] appeared to be high on meth. [redacted] and [redacted] told him that Lance had given them meth. The last time Lance gave him meth was between two

and three months ago at their home.

23. [redacted] said Crystallynn and Lance got into financial trouble while they were living in Isabel, South Dakota. He said Lance made him and [redacted] help him to steal cattle from their neighbors. He said he and [redacted] helped Lance rustle cattle on 6 separate incidents while they were living in Isabel. Lance told him he needed to rustle the cattle so their family would be financially stable.

24. [redacted] said he knows Lance raped [redacted] while they were living in Isabel. He said he remembers seeing Lance and [redacted] under the covers on Lance's bed and they were moving around, obviously engaged in some form of sexual activity. He said he never investigated what was going on due to his age and his fear of Lance.

25. I spoke with Detective Vanroekel about her interview with [redacted]. [redacted] told her that Lance and Crystallynn have been providing her with methamphetamine and marijuana since she was 12 years old. She said Crystallynn and Lance would also give her alcohol frequently. She said Lance uses a hot-shot taser on [redacted] frequently. She said the hot-shot will leave two marks on the skin from the prongs after someone is zapped with it. [redacted] described the cattle prod as being blue with two metal prods on it and a pink string hanging off of it. [redacted]'s description of the hot-shot was a match to the one collected by Detective Crayne. [redacted] said Lance has shocked her with the hot-shot in the past when they lived in Isabel. Lance would shock her with it while they played the "trust game." The trust game was when Lance would hold the hot-shot an inch or two above her stomach then ask her if she trusted him. He would shock her intermittently during the game. She said Lance hurt [redacted] bad when they lived in Isabel. She said Lance grabbed [redacted] by the hair and swung her into a fence post whereupon she hit her head on the fencepost and it caused her head to bleed. [redacted] said there has been violence between Crystallynn and Lance in the past. She recalled one time where Crystallynn was being hurt and she asked her to get help but she froze and didn't do anything. [redacted] said Lance has never sexually abused her. She said [redacted] told her that Lance raped her when they lived in Isabel and he would make her perform special favors for him but no one believed her. [redacted] said she has tried to kill herself two times in the past due to how she feels about everything going on at home. She said she doesn't currently have any thoughts of suicide and she would tell her grandparents if she does. [redacted] said there is also a cattle prod that Lance uses on her brothers in addition to the hand held hot-shot. She said Lance gave her two hydrocodone pills two days ago and she took them.

Wherefore your affiant now believes there is probable cause for issuance of an arrest warrant charging the defendant with four counts of abuse and cruelty to a minor or whatever charges are deemed appropriate.

This 15th day of May, 2020, at Sioux Falls, Minnehaha County, South Dakota
