

# DIVEST SCHOOL POLICE FUNDS & REINVEST IN EDUCATION

---

June 9th, 2020

**TO:** Salem Keizer School District Superintendent Christy Perry, Board Members, and Administration

**RE:** Solidarity with Black and Brown students and end police presence in our schools

On behalf of the more than 2,000 youth of color that Latinos Unidos Siempre has served since 1996, we write to demand that the Salem Keizer School District superintendent, board members and district officials, **stand in solidarity with Black and Brown students by ending all funding that places police in our schools, known as School Resource Officers (SROs), by terminating its contracts with the Salem and Keizer Police Departments and the Marion County Sheriff's office, and any other law enforcement agencies. We demand that these divested funds are reinvested into improving our education.**

In the last few weeks, the world has witnessed the brutal death of George Floyd, a Black unarmed man, father, brother, son and community member, killed by Minneapolis Police. We deeply mourn with George Floyd's family, and we stand with Black communities across the nation. Now, more than ever, we are committed to dismantling the systems and institutions of oppression that kill Black and Brown people, that put us in prisons and that push us out into the margins.

We ask the Salem Keizer School District to stand with ALL their students and put the students most at risk of police violence at the forefront of their decision making. For nearly 25 years, LUS has strongly advocated to end the school to prison and deportation pipeline in our school district. While there have been small advances, most of the serious issues have been ignored by our school district leaders. One being the amount of funding that goes into our school district to police students.

**WE DEMAND THAT THE SALEM KEIZER SCHOOL DISTRICT END ALL FUNDING GOING INTO POLICE IN SCHOOLS, IMMEDIATELY AND INDEFINITELY**

**WE DEMAND THAT THE SALEM KEIZER SCHOOL DISTRICT TERMINATE/DO NOT RENEW CONTRACT WITH SALEM & KEIZER POLICE DEPARTMENTS, AND MARION COUNTY SHERIFF'S OFFICE THAT PLACES SROs IN SALEM-KEIZER PUBLIC SCHOOLS**

# DIVEST SCHOOL POLICE FUNDS & REINVEST IN EDUCATION

June 9th, 2020

Thanks to research by students from New York University, we know that the Salem Keizer School District *spends about \$20 million on **policing**<sup>1</sup> within schools annually, and that the city has spent considerable funds on expanding its police department and improving police facilities.*

<sup>2</sup> Additionally, the federal government has invested over 14 billion dollars since 1992, on policing in schools across the nation<sup>3</sup>

Police presence in schools is a clear systemic issue that must be fixed through funding. We can no longer wait for our leaders to understand why police presence in school is so dangerous. We will not allow another Black or Brown life to be taken, especially in our community.

We must follow the lead of all the Black students in Minneapolis school district, who terminated their contract with their city's police department.<sup>4</sup> On Thursday, June 5th, Portland Public Schools took the step in defunding police in their schools. Portland is the largest school district in Oregon, as the second largest school district, Salem-Keizer CAN and SHOULD follow this lead.<sup>5</sup>

On the week of June 5th, we witnessed how a Salem Police Chief protected a group of white armed militia men, and known white supremacists, outside of a downtown business, while at the same time criminalizing the hundreds of peaceful demonstrators for Black Lives Matter.<sup>6</sup> This has made Black and Brown youth feel increasingly unsafe.

**Police violence towards Black and Brown communities is not just an interpersonal racial issue, it is a system and institutional issue that must be ended. By ending funding that goes into police in our school district, our school district will show that it prioritizes the safety of students of color and their education. Current funding that goes into policing students, can be invested to improve education.**

---

**<sup>1</sup> Policing: Includes all budget allocated into systemic policing of students, not just SROs. This includes staff, administrative, operational and equipment costs. Policing can include school security guards, security cameras, behavioral specialists etc. This is about removing infrastructures that increase and encourage policing of students. Police free schools are the beginning of our struggle.**

<sup>2</sup> NYU Wagner Advocacy Lab / Center for Popular Democracy, Latinos Unidos Siempre, Angelique Molina, Emily Moffa, Gina Song, Javon Robinson, Tasia Hawkins, May 2020

**WE DEMAND THE SALEM KEIZER SCHOOL DISTRICT DIVEST SCHOOL POLICE FUNDS TO SUPPORT BLACK, INDIGENOUS STUDENTS OF COLOR IN THE FOLLOWING WAY:**

- Divest current police funds and reinvest into culturally responsive in-school counseling services
- Divest current police funds and reinvest into hiring more staff and educators of color
- Divest current police funds and reinvest into ethnic studies programs for middle school and high schools
- Divest current police funds and reinvest into arts and music education in predominantly Black and Brown schools
- Divest current police funds and reinvest in culturally responsive after school activities
- Divest current police funds and reinvest in culturally responsive services for students with behavioral and physical disabilities
- Divest current police funds and reinvest in creating programs and partnerships with community-led organizations led by Black, Indigenous, People of color
- Divest current police funds and reinvest into culturally responsive mentoring and tutoring programs for predominately Black and Brown schools
- Divest current police funds and reinvest into the expansion of college prep programs for predominantly Black and Brown schools
- Divest current police funds and reinvest into restorative justice models and systems within our schools
- Divest current police funds and reinvest into better transportation services/choices for students

**AND ADVOCATE WITH US TO DIVEST FEDERAL COPS OFFICE FUNDS AND REINVEST INTO EQUITABLE EDUCATION FUNDS <sup>7</sup>**

- The 14 billion dollars that will be going into policing in schools for the next decade can be divested into supporting school districts to implement the above

We know that the Salem-Keizer School District will soon be faced again with having to make cuts to this budget. Now more than ever, it is important that you act by investing in what is right.
