3. Additional and/or security measures such as reduced hours of operation, security guards, door monitors, and burglar alarm systems may be required if harm, nuisance, or related problems are demonstrated to occur as a result of business practices or operations. If an operator is determined to be out of compliance with this section or the specific conditions of the CUP, that operator shall be subject to administrative fines set forth in the Master Fee Schedule as may be amended; the fine structure shall consist of progressively higher fines for violations occurring within twelve months of a prior violation, and upon the fourth violation being upheld within a three year period of the first violation, the CUP for the business shall be subject to revocation.
