

# EIR Project Description

- Demolition of Feed Mill structures along H. Street
- Grading and new paved parking lot for trucks.
- Vacation of H. Street between Belmont Ave and Palm Ave.

# Cheese Plant Property

- Beyond the scope of this EIR project.
- All trucks will be consolidated at main lot.  
None at this property.
- Fresno EDC and other organizations are engaged to explore development options of this property.
- Our desire is to find a use for this property that would be good for the community.

# EIR Project Benefits

## Consolidation of Truck Operations Away from Neighborhoods

### Beatification to Community

- Blight Removal
- Tree Fresno partnership to ensure landscaping fits the neighborhood and climate

### Environmental:

- Truck Pollution Reduction
- Hazard Removal
- Space for Future Truck Electrification

### Public Safety

- Less commercial truck traffic circulating on public roads
- H street's unsafe mix of commercial traffic and high speeds of pass-through traffic eliminated (*Adjacent businesses including La Tapatia support this project*)

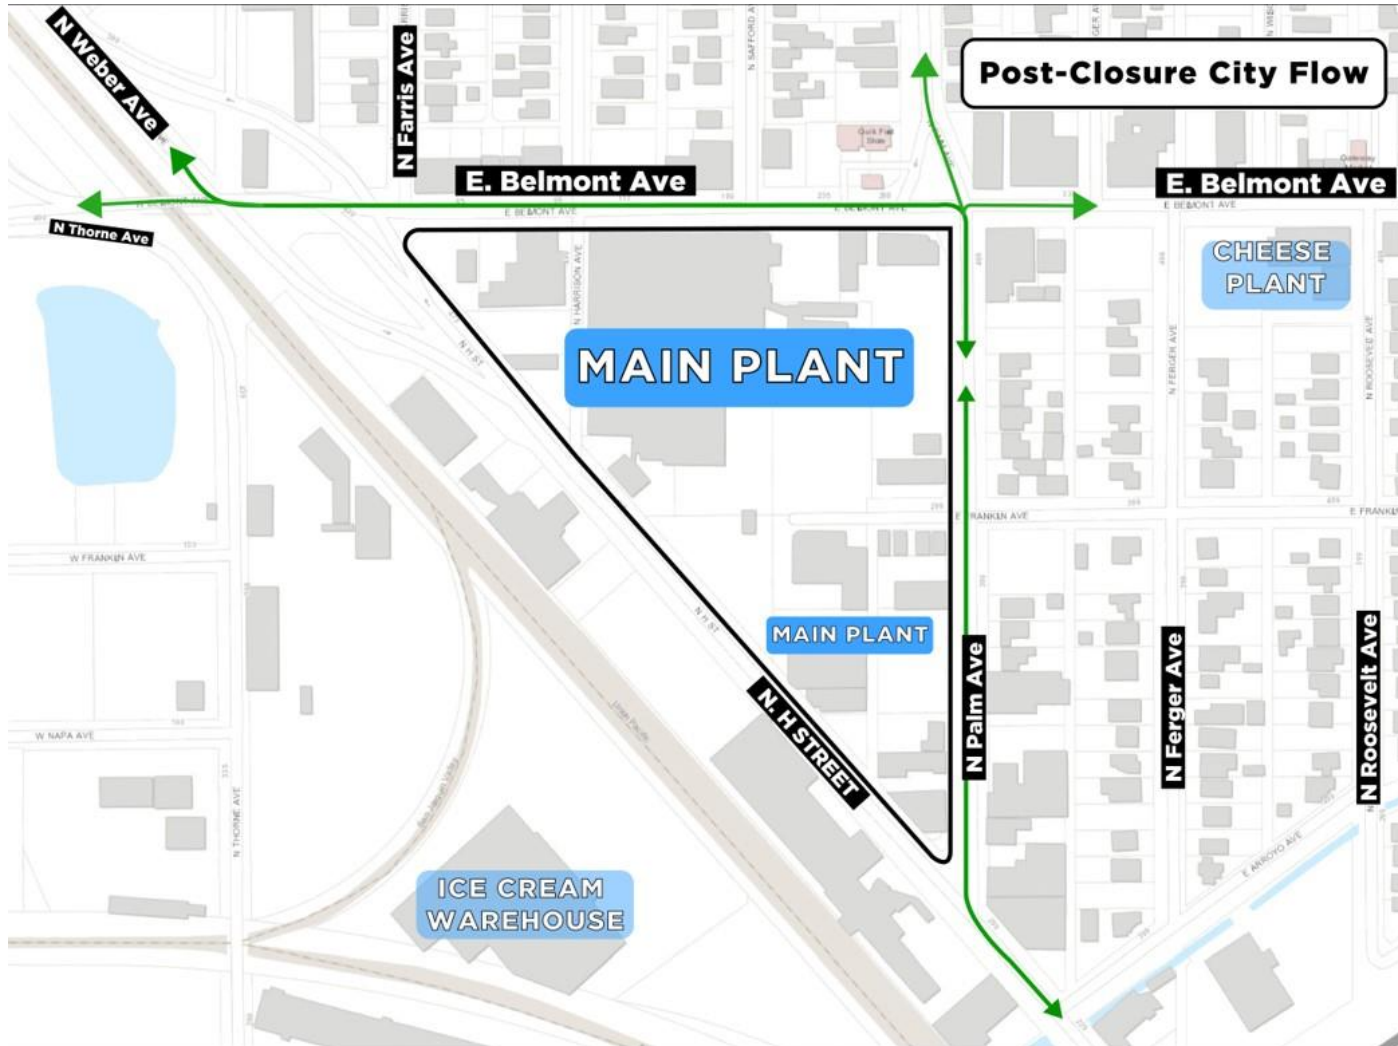

### Palm/Belmont Protected Bike Pathway Compliment

- Compliment proposed protected bike pathway along Belmont Avenue

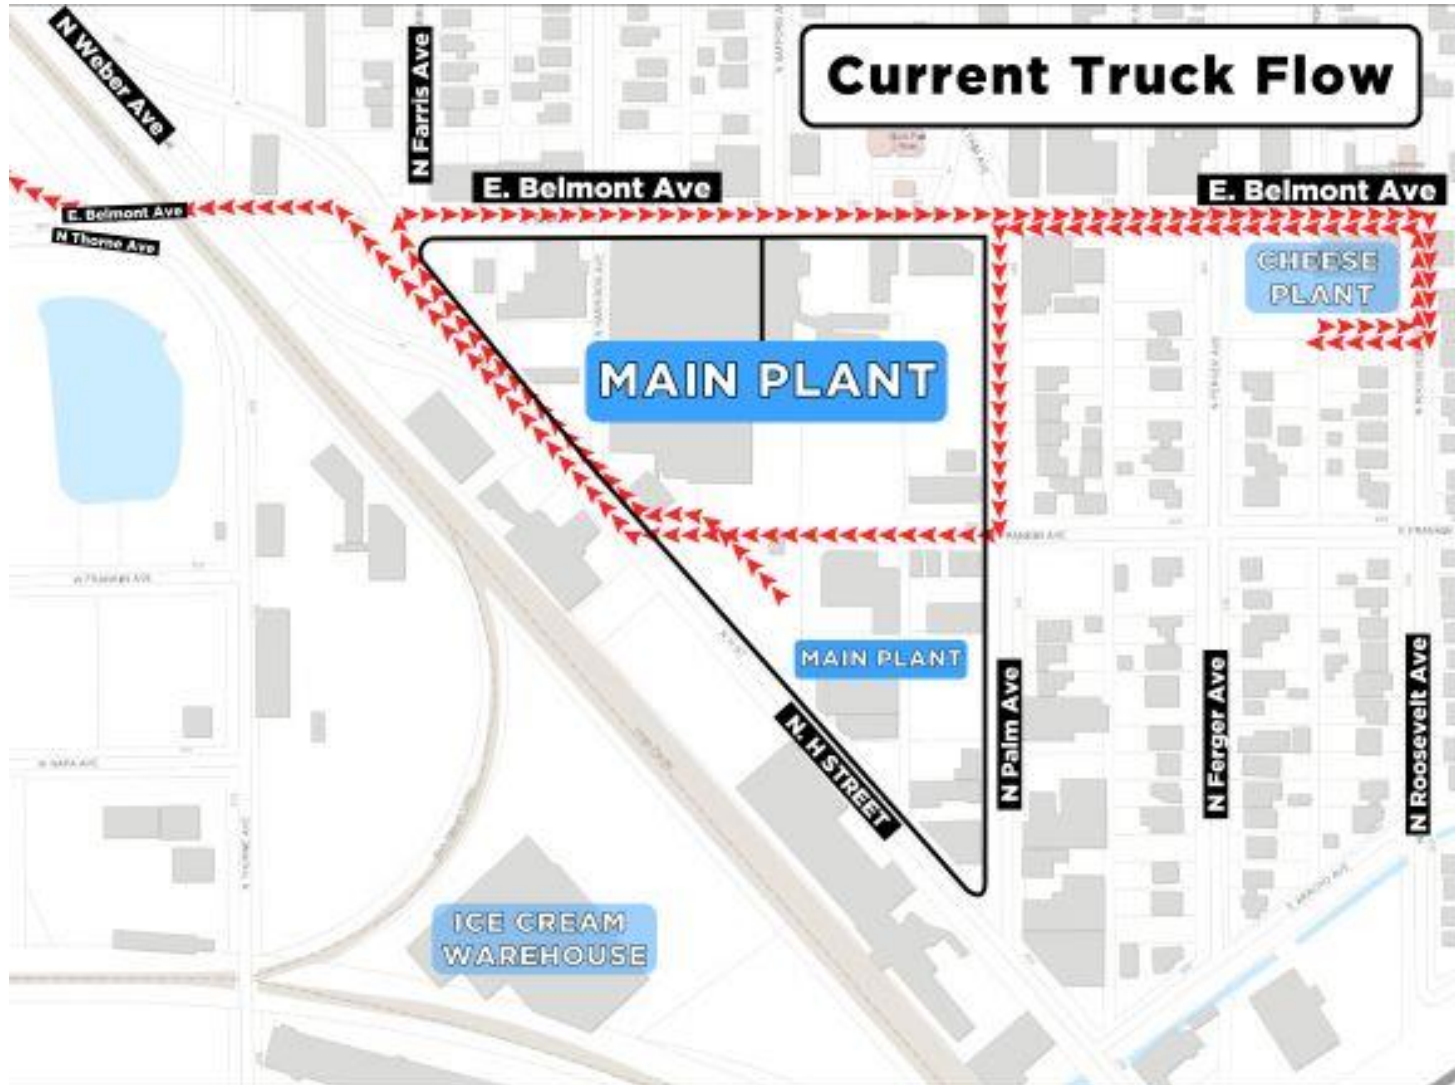

NOURISHING LIVES ONE AT A TIME.

# H Street Vacated – Public Traffic

# Producers Trucks - Current

# H Street Vacated – Producers Trucks
