Reno-Tahoe Airport Authority

September 8, 2020

Attention Hangar 9, LLC:

We have been advised that you have entered into a contract to use your hangar for a 5,000 person rally. As you know the Governor's Directive 007, as revised on July 17, 2020 Directive 021, prohibits public gatherings in excess of 50 people. Your lease requires you to comply with all applicable state laws and directives. Such a rally is a violation of this directive.

In addition, the Reno-Tahoe Airport Authority (RTAA) is unable to ensure the safety and security of its operations with a rally of such scope. Under the terms of your lease, you agreed not to interfere with or impede the operations of the RTAA. As well, the RTAA has been advised that protests and counter protests will occur in connection with this rally, further straining the ability of the RTAA to ensure the safety and security of its operations.

Given the above, you are hereby advised that you may not proceed with the proposed gathering.

Sincerely,

Tina Iftiger
Senior Vice President/Chief Commercial Officer
Reno-Tahoe Airport Authority

Cc:
Daren A. Griffin, A.A.E., RTAA President/CEO
Ann Morgan, RTAA General Counsel
Brad Kost, Stellar Aviation
Michael LoCascio, Atlantic Aviation
