COMMENTS

STATIC FACTORS ASSESSMENT RATING - HIGH

is a 34-year-old first time offender with no prior conviction history currently serving an indeterminate sentence for Second Degree Murder. File information noted that the victim was found deceased in his residence. Investigation revealed that the subject and three other men conspired to rob the victim (deceased). The four males attended the victim's residence and during a violent confrontation, the victim was severely injured (beaten and stabbed multiple times) and later succumbed to his injuries.

Overall, although 's SIR-RI score is +17, which indicates a low risk, given the brutal and violent nature of the index offence then his level of intervention based on his static factors is assessed as HIGH.
